

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
20th Annual Hands On Atlanta day	Hands On Atlanta	600 Means Street	Ste100	Atlanta	GA	30318	\$283,600	Hands On Atlanta and its partners intend to realize the Edward M. Kennedy Serve America Act by increasing volunteerism and AmeriCorps service in Metro Atlanta. Volunteers will focus on improving the educational, economic, health and environmental well-being of the region's residents and will also start the year-long campaign to deliver \$5M of volunteer labor to Metro Atlanta.
21st Century Youth Leadership Council	American Institute for Managing Diversity	1200 West Peachtree St. NW	Suite 3	Atlanta	GA	30309	\$10,000	The 21st Century Youth Leadership Council (YLC) is a youth service program for high school students who have demonstrated interest and potential in leadership, and who would otherwise not be afforded the opportunity. In addition to service work, participants learn critical thinking skills, incorporating community engagement lessons an understanding of the diverse global marketplace.
America SCORES Atlanta	America SCORES Atlanta	2323 Perimeter Park Drive, NE		Atlanta	GA	30341	\$100,000	America SCORES Atlanta (ASA) addresses both childhood obesity and illiteracy. Comprehensive approaches of fitness, education, and mentoring help restore balance for all youth, but especially for those who need a holistic approach to healthy lifestyles. Initiatives like America SCORES keeps young people engaged, active, motivated, and learning – off the streets, in the classroom, and healthv.
APEX Share-A-Thon	APEX MUSEUM	135 Auburn Avenue		Atlanta	GA	30303	\$100,000	The APEX Share-A-Thon program helps non-profit organizations serve their communities. Requested funds will be used for training and promoting collaborations of program delivery and services. This program seeks to support charitable, community-based organizations during one of the most economically trying times in recent history.
Atlanta Center for Civil and Human Rights - Exhibits and Programming	Atlanta Center for Civil and Human Rights	50 Hurt Plaza	Suite 110	Atlanta	GA	30303	.\$1,000,000	Funding for Atlanta Center for Civil and Human Rights would be utilized to develop exhibits exploring the struggle for civil rights, and to develop educational programs to accompany the Center's exhibits. The project will convey to and engage the public on issues relating to civil rights. The Center for Civil and Human Rights will commemorate the contributions of Georgians to the historic struggle for civil rights as well as provide programs for ongoing dialogue with respect to current and future freedom struggles. A study estimated that the Center would draw 650,000 visitors per year and would generate 1550 new jobs in Georgia.
Atlanta Center for Civil and Human Rights - Economic Development Initiative	Atlanta Center for Civil and Human Rights	50 Hurt Plaza	Suite 110	Atlanta	GA	30303	\$2,000,000	Requested funding would be used to construct a 100,000 square foot civil rights museum and visitor center in downtown Atlanta. The Center for Civil and Human Rights will commemorate the contributions of Georgians to the historic struggle for civil rights as well as provide programs for ongoing dialogue with respect to current and future freedom struggles. A study estimated that the Center would draw 650,000 visitors per year and would generate 1550 new jobs in Georgia.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Atlanta Center for Civil and Human Rights - Energy and Water Efficient - Design and Construction	Atlanta Center for Civil and Human Rights	50 Hurt Plaza	Suite 110	Atlanta	GA	30303	\$2,000,000	The Center for Civil and Human Rights plans to design the new facility for L.E.E.D. certification by incorporating a range of sustainability initiatives, including the usage of reclaimed and recycled materials and designing for renewable or reduced energy and waste and water conservation.
Atlanta Safety Partnerships and Community Policing	City of Atlanta Police Department	226 Peachtree Street		Atlanta	GA	30303	\$293,000	The Atlanta Safety Partnerships and Community Policing program focuses on officer and community training in crime prevention education, adult and juvenile violence, gang violence, burglary and vandalism. Community partnerships, between the law enforcement, individuals and organizations, have contributed to the decline in violent crime in many cities throughout the country.
Atlanta-Fulton County Emergency Operation Center Technology Enhancement (Phase 2)	Fulton County Government, County Manager's Office	141 Pryor Street SW		Atlanta	GA	30303	\$300,000	This project will ensure that Atlanta-Fulton County Emergency Management Agency can continue to support the county and all fourteen municipal first responders units (e.g. fire, law enforcement, search and rescue, emergency information and analysis) as the local coordinating entity for all emergencies and disasters, as it is statutorily obligated to do. Federal funding will support planning and design to initiate a complete upgrade of the outdated information and technology infrastructure in the Atlanta-Fulton County Emergency Operations Center, including physical renovations to enable installation of these new capabilities.
Best Buddies Empowerment for People with Intellectual Disabilities Act	Best Buddies International/ Emory University	36 Eagle Row	Emory University	Atlanta	GA	30322	\$10,000,000	Best Buddies educates youth with intellectual disabilities in computer skills and teaches them to become advocates for people with disabilities. Best Buddies helps facilitate the mission of the U.S. Department of Education -- promoting student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.
Black Women's Health Initiative	Spelman College	350 Spelman Lane, S.W., Box 1551		Atlanta	GA	30314	\$900,000	The Spelman College Black Women's Health Initiative focuses on raise awareness about the health status of Black women and cultivating future leaders of research, advocacy, education, policy, and business efforts related to women's health. African American and other women of color suffer disproportionately from HIV/AIDS, obesity, diabetes, domestic violence, heart disease, and breast and cervical cancer -- most of which can be prevented and/or treated early through increased awareness and improved health services.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
BlazeSports America First Work Initiative for Youth with Disabilities	BlazeSports America	280 Interstate Circle North	Suite 450	Atlanta	GA	30339	\$175,000	The BlazeSports America First Work Initiative provides youth and young adults with physical disability with the skills, competencies and experiences that will capitalize on their interests and prepare them for work and sustainable employment. Employment rates among people with disabilities have seen little improvement in decades despite federal mandates and programs designed to remove barriers to employment. Research indicates that to succeed in life and work, all youth, including youth with disabilities, need to develop competence and confidence and obtain real-world experience.
Building Healthy Communities	Southside Medical Center	1046 Ridge Avenue SW		Atlanta	GA	30315	\$10,500,000	Southside Medical Center offers low-cost, quality health care to Metro Atlanta residents and has been recognized for their outstanding work to assist underserved patients. Requested funds would be used to develop and construct a community health and family resource center and to produce intergenerational housing with 237 units, promoting home ownership, the provision of quality primary healthcare, wellness and long-term economic growth through training and the development of 210 jobs in construction and technology, 100 permanent healthcare sector jobs, spawning creation and expansion of 25 businesses.
Center for the Diagnosis of Pathogens	Georgia State University	Ste 323 Alumni Hall	30 Courtland Street	Atlanta	GA	30302	\$2,300,000	The request is consistent with the Department of Defense's work to develop a pathogen-detection system to detect widespread epidemics and pandemics before they endanger large populations. The Viral Immunology Center at Georgia State University initiative will design and develop a portable cell biosensor system equipped with laser technology for analyses of cells exposed to pathogens. This request follows the successful development of a cell-based system that can be utilized to rapidly identify viruses along with an artificial neural network trained for data interpretation. The device will be portable and capable of monitoring a growing number of pathogens in a wide variety of circumstances from wounds to environmental reservoirs.
Center for Vaccine Scale-Up/Process Research, Phase II	Georgia State University	Ste 323 Alumni Hall	30 Courtland Street	Atlanta	GA	30302	\$2,500,000	An alternative in influenza vaccine development using a different kind of process is viable and desirable for selected vaccines for domestic and international interests. The Center for Vaccine Scale-up and Process Research of Georgia State University requests funding to develop technologies to rapidly develop vaccines/biologics of interest to the military. This initiative involves develops a pilot vaccine facility to develop "Turn Key" approaches to vaccine development. This project addresses the critical bottleneck in a speedy vaccine development – the transition from laboratory to manufacturing and rapid assessment and validation of impact changes during the scale up and implementation of vaccines. Infectious disease remains the second-leading cause of death worldwide.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
City of Atlanta Streetlight Program	City of Atlanta	55 Trinity Ave	Suite 4500	Atlanta	GA	30303	\$2,000,000	The purpose of this request is to provide funding for the City of Atlanta's Priority 1 street light program. This project will replace missing and broken streetlights including associated equipment and also paint existing streetlights to extend their physical lifespan. This project will enhance mobility and safety for pedestrian, motorist and cyclists by providing continuous illumination along roadways throughout the City of Atlanta.
City of Atlanta, Ga Citywide Traffic Signal Communications	City of Atlanta Department of Public Works	55 Trinity Avenue, SW	Suite 4700	Atlanta	GA	30303	\$6,000,000	Requested funds would be used for a technology upgrade to improve remote management of the City's 922 signalized intersections. Improved traffic mobility serves multiple purposes – reducing congestion, improving commutes, and decreasing the time that drivers sit idling in traffic. Metro Atlanta has repeatedly been recognized as one of the worse cities for commuters; this small technological upgrade would make a significant dent in addressing a much larger transportation problem.
City of Atlanta-Adams Drive Bridge	City of Atlanta	55 Trinity Ave	Suite 4500	Atlanta	GA	30303	\$1,800,000	The purpose of the project is to replace the existing structure which currently closed due deterioration. Repairing this bridge will significantly improve the mobility and restore the vitality of this community. By reopening the Adams Drive Bridge, there will be increased access to local streets, homes, schools, churches and other activity areas.
College Park After School Project	City of College Park, GA	3667 Main Street		College Park	GA	30337	\$336,750	The project will provide enhanced education support for low- and moderate-income students who need to improve their academic performance. Students will be taught effective strategies in developing better study habits with the goal of earning better grades. The program is consistent with the Department of Education's core mission of increasing quality educational opportunities for poor performing public school students.
Covenant House Georgia Vocational and Educational Program	Covenant House Georgia	72 Broad Street, NW		Atlanta	GA	30303	\$300,000	Covenant House Georgia's Educational and Vocational Training seeks to provide stipends for participants in their programs. Covenant House works with at-risk youth and focuses on keeping them from being homeless. They offer coursework and tutoring necessary to help them achieve their GED, help them complete a resume and develop writing skills, and execute proper interviewing techniques. This project goes to the root of many national issues such as high unemployment, low education rates, and the cyclical nature of poverty and dependence.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Creation of Statewide Autism Standard of Care Guidelines	Marcus Autism Center	1920 Briarcliff Road, NE		Atlanta	GA	30329	\$750,000	This program will create standard of care protocols for ABA treatment services for autism. This includes defining various treatment models according to a child's specific needs. This initiative will build regional consensus on the standard of care model for diagnosis of autism which includes integration of existing national standards (ATN). The creation and implementation of statewide standards of care for the diagnosis and treatment of autism will help Georgia serve as a model for other states struggling to increase the efficiency of programs serving children with autism.
Decatur Railroad Crossing Improvements	City of Decatur, GA	Po Box 220		Decatur	GA	30031	\$3,600,000	The funding would be used to improve safety for pedestrians, bicyclists, and motorists as they cross this at-grade railroad crossing in the city. The CSX railroad corridor bisects the city and is a major barrier for residents trying to reach the downtown commercial district and students participating in the Safe Routes to Schools program. The funds will be used to update signal timing, replace traffic and pedestrian signals, re-align the intersection, install new sidewalks and crosswalks, create greenspace, and reduce the width of vehicle travel lanes.
Development of Statewide Autism Disease State Management Model	Marcus Autism Center	1920 Briarcliff Road, NE		Atlanta	GA	30329	\$750,000	The epidemic of children presenting with autism spectrum disorder and related developmental disabilities is a national challenge. The Marcus Autism Center will use the federal funding to gather key public and provider stakeholders and organizations to gain consensus on goals and objectives of disease state management (DSM) services for children with Autism. Requested funds will be used to support the training and implementation of a statewide delivery network of providers delivering DSM services and to create a technology platform to link providers and support delivery of DSM services with telemedicine as part of the effort.
Downtown Redevelopment	City of East Point, GA	2777 East Point Street		East Point	GA	30344	\$700,000	Requested funds would be used to redevelop several targeted buildings in the downtown area to make them suitable for high quality small businesses. Small business owners lack the access to credit that would them to make these infrastructure improvements on their own. The project is nationally significant because it is a model of comprehensive center city redevelopment; the City estimates that the project will create 15 immediate jobs, and at least 30 long-term jobs based on new business start-ups.
Downtown Roadway Improvement Project	City of East Point, GA	2777 East Point Street		East Point	GA	30344	\$800,000	The project will reconfigure and realign several roads in the Downtown Area to make them more pedestrian, bicycle, and vehicle friendly. The current configuration facilitates a high number of pedestrian and vehicular accidents during rush hour along a federal aid highway (US Route 29, SR 139, SR14), a roadway that connects Atlanta with Mobile, AL. It will also improve air quality by reducing vehicle idling periods.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Electronic Medical Record (EMR) System	Marcus Autism Center	1920 Briarcliff Road, NE		Atlanta	GA	30329	\$1,630,000	Requested funding will be used to develop an Electronic Medical Record (EMR) system to support clinical care of autism for the State of Georgia and surrounding states, provide a comprehensive record for children with Autism and other related disorders that will span their entire clinical history and provide access to this clinical system through secured HIPPA compliant web portal technology making it accessible to care givers regardless of geographical location. Implementing an Electronic Medical Record (EMR) system for this population of children will enable quality care and research data which will directly improve clinical outcomes and treatment.
Encouraging Diversity in Entrepreneurship	Atlanta Christian College	2605 Ben Hill Road		East Point	GA	30344	\$800,000	Atlanta Christian College focuses their programs on non-traditional, returning students. In 2008, ACC launched its ACCess workforce development adult education program more than half of the school's students and ACCess participants are minority students. This initiative seeks to not only prepare students for a changing workforce, but also to prepare them to create new jobs and opportunities upon graduating. This initiative works with students and future entrepreneurs to identify and
Energy Efficiency Demonstration Program	City of East Point, GA	2777 East Point Street		East Point	GA	30344	\$415,676	The project will facilitate the adoption of energy conservation strategies and reduce consumption of energy, water and materials. The project will provide for a return on money invested in both the long-term energy savings and providing an asset of the City complex. It will also reduce energy demand on the metropolitan Atlanta area.
Energy Efficiency Lighting Control Retrofits, Fulton County, GA	Fulton County Board of Commissioners	141 Pryor Street, SW		Atlanta	GA	30303	\$300,000	Federal funding will support the acquisition and installation of energy efficient lighting control retrofits in county facilities. The program calls for the development of an aggressive building preventative maintenance program and through lighting controls retrofits is expected to reduce annual energy consumption by up to 50 percent.
Enhanced Broadband Based Public Safety Video Surveillance System	City of Atlanta/ Atlanta Police Department	226 Peachtree Street		Atlanta	GA	30303	\$13,751,390	This project seeks to build an 82-square mile broadband video surveillance network -- linking the Atlanta Police Department with regional government agencies and certain businesses that play an integral role in regional security. This national investment in Atlanta will increase economic efficiency by spurring technological advances to fight crime and targets the most underserved areas of Atlanta.
Entrepreneurial Development Center Program	City of College Park, GA	3687 Main Street		College Park	GA	30337	\$425,000	The City of College Park seeks to expand economic growth through the development and expansion of small and minority-owned businesses. This initiative will provide technical assistance, microenterprise grants and small capital start up loans to viable small businesses in the City, with emphasis on aviation support services. The program helps meet the SBA's goal of strengthening small businesses as the backbone of the U.S. economy.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

Project Title	Requesting Entity	Address	Address Line 2	City	State	Zip Code	Requested Amount	Project Purpose
Environmental Sustainability and Policy Institute	Spelman College	350 Spelman Lane, S.W., Box 1551		Atlanta	GA	30314-4399	\$396,000	The proposed Environmental Sustainability and Policy Institute will provide environmental sustainability education and outreach efforts for Spelman and Atlanta University Center students, the Spelman community. It will also coordinate environmental sustainability and policy workshops and training opportunities for students, faculty, and MSIs in the Southeast region and provide resources to faculty and policymakers in the areas of environmental policy and sustainability. The goal of this program is to produce graduates who will pursue careers that will positively impact environmental sustainability policy and its impact on health disparities.
Family Caregiver Support of Individuals With Disabilities Project	Jewish Family & Career Services, Inc.	4549 Chamblee Dunwoody Road		Atlanta	GA	30338	\$300,000	There are approximately 52 million caregivers, or 19 percent of the U.S. adult population, who provide unpaid, informal care to family and friends at an annual estimated value of \$375 billion. Without support, they may experience caregiver burnout, putting their care recipients at risk for institutionalization. This demonstration project would develop, test, evaluate, and disseminate an innovative community-based approach to services for individuals with disabilities and their families, increasing utilization and impact of existing programs, improve the wellbeing of family caregivers, diminish early/avoidable institutionalization of care recipients, and strengthen the nation's long-term care system.
Flood Control/Infrastructure Project	City of East Point, GA	2777 East Point Street		East Point	GA	30344	\$415,676	The project will facilitate the adoption of energy conservation strategies and reduce consumption of energy, water and materials. The project will provide for a return on money invested in both the long-term energy savings and providing an asset of the City complex. It will also reduce energy demand on the metropolitan Atlanta power grid. Communities in South Fulton County have been slow to adopt energy efficiency programs. This project will show how poorer suburban, minority communities can encourage the adoption of energy efficient programs and procedures at the community level.
Flood Control/Infrastructure Project	City of East Point, GA	2777 East Point Street		East Point	GA	30344	\$1,000,000	The project will improve the City's stormwater and wastewater systems replacing the current system of clay pipes with PVC and other structurally appropriate materials. It will stop leaching of stormwater and sewer waters into the City's system of streams and creeks, ensuring compliance with a federal consent decree.
Fulton County Integrated Health Center Expansion	Fulton County Board of Commissioners	141 Pryor Street		Atlanta	GA	30303	\$750,000	Requested funds will be used to support and expand "one-stop" integrated healthcare service at facilities throughout Fulton County. This program will fight health disparities and alleviate the burden of emergency care at Grady Hospital and thus the surrounding health care system. This initiative will provide more efficient delivery of medical services to populations disproportionately affected by diabetes, heart disease, cancer and stroke.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Fulton County Schools: Energy Systems Career Pathway	Fulton County Schools	786 Cleveland Ave, SW		Atlanta	GA	30315	\$300,000	Fulton County Schools is launching the Fulton Institute of Technology (FIT), a multi-year initiative integrating science, technology, engineering and mathematics. FIT will offer career pathways that fuse practical and virtual learning in a technology-rich environment. Partnering with Georgia Tech, FIT will offer a career pathway in energy systems that will give students applied learning opportunities in alternative energy sources. In line with the mission of the Department of Education, this program will promote student achievement and preparation for global competitiveness.
Fulton County Small Business Resource and Assistance Center, GA	Fulton County Board of Commissioners	141 Pryor Street		Atlanta	GA	30303	\$400,000	Fulton County seeks to develop a Small Business Resource and Business Assistance Center. The Center will offer comprehensive in-person and online services. The initiative includes: a centrally located and staffed resource center; a virtual Business Resource Center; and a comprehensive resource guide to complement information available on the virtual Center. Fulton County estimates that the initiative will serve approximately 12 – 15 small businesses in the first year and will create at least 50 jobs in the region.
Girls Incorporated of Greater Atlanta Programming	Girls Incorporated of Greater Atlanta	1100 Spring Street NW	Suite 700	Atlanta	GA	30309	\$100,000	Requested funds will be used to provide Girls Inc. programming to Metro Atlanta's girls. Their initiatives help girls prepare for the future, from homework help, tutoring, mentoring, and leadership development to economic literacy, substance abuse, and self-esteem, self-defense guidance. With a focus on arming young girls with the tools they need to succeed academically, personally, and professionally, Girls Inc. intends to provide a national model on how to develop America's leaders.
Green Jobs Training Program, Fulton County, GA	Fulton County Board of Commissioners	141 Pryor Street		Atlanta	GA	30303	\$400,000	Requested funds will support the implementation and evaluation of a no-cost job educational and professional training program in Fulton County to place at-risk adults into permanent full-time jobs in the "green" sector. The proposed no-cost adult program includes: intensive basic literacy and academic skills enhancement; specialized green jobs training; and practical on-the-job experiences.
Hartsfield-Jackson Atlanta International Airport Maynard H. Jackson, Jr. International Terminal LEED Certification	City of Atlanta/Department of Aviation	6000 North Terminal Pkwy	Atrium Suite 4000	Atlanta	GA	30350	\$450,000	The international terminal, slated to open in 2015, is being designed and constructed to achieve LEED Silver Certification. Requested funds will be used to prepare the LEED documentation and tracking the required construction metrics for the new international terminal. Since the 1996 Olympics, Hartsfield-Jackson Atlanta International Airport has grown to be the busiest passenger airport in the world. It is one of the largest employers in the state of Georgia.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Historic Beacon Complex Renovation	City of Decatur, GA	PO Box 220		Decatur	GA	30031	\$1,000,000	Requested funds would be used to renovate the Historic Beacon Complex. The current facility was built in the 1950's as the Beacon Elementary and Trinity High School, to serve African-American residents of Decatur. This facility is eligible for the National Register of Historic Places. When it's renovated, the Historic Beacon Complex will provide a modern gymnasium and artist spaces for use by the entire City but particularly for the residents of the adjacent public housing neighborhood.
HIV/Prisoner Re-Entry Program	Georgia State University	Ste 323 Alumni Hall	30 Courtland Street	Atlanta	GA	30302	\$500,000	This program seeks to increase adherence to therapeutic regimens, reduce risk behaviors associated with the spread of HIV infection, reduce recidivism and reduce criminal activity among HIV-infected inmates recently released from Georgia prisons. Georgia's annual rate of reported AIDS cases went from ninth in the nation in 2004 to seventh in the nation in 2007. In addition, the Georgia Department of Human Resources notes that there have been more than 16,600 deaths from AIDS and more than 33,800 cases of AIDS in Georgia. The additional funding will permit expansion of the program to an additional Department of Corrections service area--at least doubling the number of recently released inmates served.
Initiative for the Study of Critical Global Languages and Area Studies	Spelman College	350 Spelman Lane, S.W., Box 1551		Atlanta	GA	30314-4399	\$950,000	The Critical Global Languages Initiative addresses a national need to increase the number of students who develop advanced proficiency in languages and knowledge about regions critical to U.S. national security, diplomacy, intelligence, and economic competitiveness. This initiative targets underrepresented African American women and addresses a vital national need to increase the number of students who develop advanced proficiency in languages and knowledge about regions critical to U.S. national security, diplomacy, intelligence, and economic competitiveness.
Institute for Data and High Performance Computing	Georgia Institute of Technology	266 Ferst Drive		Atlanta	GA	30332-0765	\$2,000,000	This project will support the creation of the Institute for Data and High Performance Computing, a new center at the Georgia Institute of Technology, focusing on job creation and workforce development through high performance computing. Several national reports have highlighted the high performance computing as a technology that is critical to maintaining the economic leadership of the U.S. Computer simulation models are essential to attacking major societal problems such as creating sustainable cities and manufacturing energy efficient vehicles.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
ISA -- Turning Around Low Performing High Schools	Institute for Student Achievement (ISA)	Atlanta Public Schools	130 Trinity Ave SW	Atlanta	GA	30303	\$300,000	This program is consistent with national education goals; it has a record of improving educational outcomes for students by using methods that are replicated in many schools nationwide. ISA accomplishes this task by focusing on the culture of a school, by redesigning the school structure, the instructional program, and the support systems for both teachers and students. The project will result in increased attendance, student achievement, graduation and college going rates.
Jumpstart Atlanta School Success for All Initiative	Jumpstart for Young Children, Inc.	100 Edgewood Ave.	Suite 1080	Atlanta	GA	30303	\$150,000	This program will provide individualized attention and curriculum instruction to young children in poverty-stricken communities to help ensure that preschool children enter school ready to succeed. Studies consistently demonstrate that investments made today in early education will save America money in the future. Investing in proven, early education programs improves the educational prospects of all children, but especially in low-income communities across the country.
Law Enforcement and Technology and Equipment	Georgia Institute of Technology	879 Hemphill Avenue		Atlanta	GA	30332	\$500,000	This funding will be spent on crime fighting equipment that is critical to the protection of Georgia Tech's students and employees. As state budgets continue to be squeezed, this funding is essential to providing Georgia Tech with the tools it needs to protect a fast growing and open campus in the middle of Atlanta.
Law Enforcement Video Patrol	City of College Park, GA	3667 Main Street		College Park	GA	30337	\$650,000	The College Park Law Enforcement Video Patrol will enable the police department to more effectively fight crime through increased video surveillance of high crime areas. It will expand the number of surveillance modules currently in place. This initiative meets the Department of Justice's core mission of reducing crime through support for innovative and effective crime fighting strategies and programs.
MARTA Bus, Bus Facilities and Security Improvements	Metropolitan Atlanta Rapid Transit Authority	2424 Piedmont Road, NE	Department of Finance	Atlanta	GA	30324-3330	\$12,000,000	This overall project will both help to sustain and improve a State of Good Repair for MARTA bus infrastructure and rolling stock and enhance the safety and security of the bus transit system. The funds requested will be used for needed MARTA bus facilities and equipment modernization at several locations, bus vehicle rehabilitation and replacement, and for the planned On-board Bus Security Camera System. The bus security camera system will include the acquisition and installation of up to eight digital cameras per bus on the existing MARTA bus fleet.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
MARTA Fare Collection System Improvements	Metropolitan Atlanta Rapid Transit Authority	2424 Piedmont Road, NE	Department of Finance	Atlanta	GA	30324-3330	\$15,400,000	This project will improve and augment MARTA's existing Breeze Fare Collection System. Requested funds will be used to design, furnish and install software and hardware modifications necessary to implement a Variable-Based Fare system. MARTA will also purchase and install remote Breeze Ticket Vending Machines at 36 locations in communities throughout the MARTA bus service area. This project will address national and Federal Transit Administration goals of improving mobility by creating convenient, integrated and expanded transportation choices for riders.
MARTA I-20 East Transit Corridor	Metropolitan Atlanta Rapid Transit Authority	2424 Piedmont Road, NE	Department of Finance	Atlanta	GA	30324-3330	\$4,500,000	MARTA is working to complete the Alternatives Analysis (AA) and to develop and complete a Draft Environmental Impact Statement (DEIS) for the I-20 East Corridor Rapid Transit Line as part of the development of the Atlanta Regional Commission. This fixed-guideway transit project will address national and Federal Transit Administration goals to increase mobility, relieve traffic congestion, conserve energy and improve air quality, and lower greenhouse gas emissions in Metro Atlanta.
Metropolitan North Georgia Water Planning District	Metropolitan North Georgia Water Planning District	40 Courland Street, NE		Atlanta	GA	30303	\$3,000,000	Requested funding would be used for watershed monitoring and restoration projects as well as future floodplain mapping efforts. The District serves broad public purpose of protecting water supplies and water quality in multiple jurisdictions around Metro Atlanta. Consequently, federal assistance will allow members to work towards these critical regional solutions. The District's plans outline various of water related activities required by various state and federal requirements. Successful implementation of District's plans has national significance through protection of water resources of roughly half the Georgia population.
Morehouse College John H. Hopps Defense Research Scholars Program	Morehouse College	830 Westview Dr. SW		Atlanta	GA	30314	\$3,000,000	This program extends Dr. Hopps' legacy into the 21st Century by providing meaningful opportunities to young African American researchers, and increasing the number of minority scientists entering into advanced research positions. This initiative develops and helps steer minority scientist along the doctorate track; this leads to their earning positions at national laboratories, and further aiding federal research and innovation missions, as is consistent with the administration's recently announced Innovation Initiative, and the Science, Technology, Engineering and Mathematics (STEM) education initiative.

## 5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Nanoscience and Biotechnology Laboratories and Research Program	Clark Atlanta University	223 James P. Brawley Dr., SW		Atlanta	GA	30314	\$2,000,000	Clark Atlanta University seeks to enhance nanoscience and biotechnology research by purchasing specialized laboratory equipment and making some minor laboratory upgrades. Funding will also be used to support the training and education of research scientists – especially those at the graduate level. In addition to expanding minority research in key fields, the research conducted at these labs will be useful to a variety of federal agencies including USDA, the Department of Energy, the Department of Defense, the Department of Homeland Security, NASA, and the National Institutes of Health.
National Fresh Start Home Ownership	Urban Development Corporation	6270 Red Oak Rd		College Park	GA	30349	\$3,500,000	The funds will be used to assist in purchasing 23 new homes for families that have or are at risk of losing their homes through foreclosure. The goal of this initiative is to help struggling families recover from the possibility of homelessness within 2 years. A non-profit organization, the Urban Development Corporation seeks to create construction jobs and provide financial counseling and technical assistance to families trying to get back on track.
Neighborhood Senior Center Renovations, Fulton County, GA	Fulton County Board of Commissioners	141 Pryor Street		Atlanta	GA	30303	\$300,000	Fulton County, GA is working to renovate five (5) Neighborhood Senior Centers. The Neighborhood Senior Centers provide nutrition, education, health, fitness and social services to over 1,000, seniors aged 60 and over each year. The "aging in place" program at Neighborhood Senior Centers promotes key elements identified as enabling the elderly to age successfully. Mental, therapeutic, nutritional, educational, and fitness activities, offered by the Center, provide Metro Atlanta seniors with a safe environment while helping them protect and prolong their ability to live healthy, independent lives.
New Hope Enterprises Job Training	New Hope Enterprises	970 Jefferson Street		Atlanta	GA	30318	\$100,000	Requested funds would be used to provide job readiness training, specific vocational training in office operations, as well as job placement support for 90 Metro Atlanta low-income, unemployed individuals. Georgia has been a high unemployment state from the beginning of the recession. This initiative will lead to help those in the most adverse situations find employment.
Operational and Safety Improvements Roswell Road and I-285 Bridge	City of Sandy Springs	7840 Roswell Road	Building 500	Sandy Springs	GA	30350	\$2,000,000	The project will widen the bridge from five to six lanes. This additional lane will provide dedicated left turn lanes to Interstate 285 in both directions and will prevent traffic from overflowing into the through lanes during the am and pm peak periods. This project will provide both operational and safety improvements at the intersection of Roswell Road and Interstate 285. Interstate 285 at Roswell Road in Sandy Springs is the 5th busiest stretch of interstate in the country. This corridor is a major transportation artery through the center of Sandy Springs with an average annual daily traffic volume of 197,300 vehicles.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Outreach to Underserved Portions of the Entrepreneurial Community	Enterprise Innovation Institute, Georgia Institute of Technology	75 5th Street NW	Suite 314	Atlanta	GA	30308	\$1,000,000	This project is designed to expand the number of women and minority entrepreneurs in technology fields. Georgia Tech plans to develop methodologies and coaching models to identify, attract, and coach/train candidates based on the extensive experience of Georgia Tech's highly successful commercialization programs (VentureLab and the Advanced Technology Development Center). In addition, the project will leverage the experience of the Georgia Minority Business Enterprise Center, also located within the Enterprise Innovation Institute (EI2). The project will engage the extensive EI2 entrepreneur networks which are comprised of entrepreneurs, venture firms, non-profits, support organizations, and angel investors. This project seeks to address Georgia's high unemployment by creating and training new entrepreneurs.
Park Railroad Quite Zone Project	City of College Park	Post Office Box 87137		College Park	GA	30337-7137	\$1,500,000	The City of College Park seeks to develop a Quiet Zone for the reduction in noise from train whistles as they travel through the city residential and down town areas. Implementing and improvements within the city quiet zone would improve the city quality of life.
Preparing At-Risk & Under-Prepared Students for College	Atlanta Christian College	2605 Ben Hill Road		East Point	GA	30344	\$600,000	This project focuses on economically-deprived communities in Metro Atlanta, which has witnessed a skyrocketing of gang activity and youth violence in recent years. Fifteen percent of applicants were denied admission to ACC and 20 percent of those accepted as ACC were only marginally prepared for the academic challenges of being a college student. ACC will combine private and federal funds to jumpstart sustainable programs to prepare these under-prepared students for
Preparing At-Risk & Under-Prepared Students for College	Atlanta Christian College	2605 Ben Hill Road		East Point	GA	30344	\$600,000	Atlanta Christian College seeks to focus on struggling communities in Metro Atlanta by providing preparatory services to potential students. Many ACC students are non-traditional, older, and dislocated workers who are returning to school in order to be more competitive in an extremely difficult job market. This initiative will combine private and federal funds to jumpstart sustainable programs to prepare those under-prepared students for admission, as well as to be successful in their college careers.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Recuperative Care for the Homeless Program	Saint Joseph's Mercy Care Services, Inc.	424 Decatur Street, SE		Atlanta	GA	30312	\$500,000	The Recuperative Care for the Homeless Program was implemented through a partnership between Saint Joseph's Mercy Care Services, Grady Health System and the Gateway 24/7 Homeless Services Center. The program provides integrated medical, mental health and social services for homeless persons who are medically stable enough to be discharged from the hospital but who are not medically stable enough to return to life on the streets or in a "night-only" shelter. This initiative is key component in reducing chronic homelessness and hospital recidivism by providing case management services focused on increased self-sufficiency and productivity, and ultimately, the acquisition of stable housing. Also, during its first year, the program saved Grady approximately \$450,000 while also lowering costs for ER visits and readmissions. Cost savings such as these can help greatly in strengthening the local health care safety net.
Research Facility Improvement for Biomedical Research	Clark Atlanta University	223 James P. Brawley Dr., SW		Atlanta	GA	30314	\$5,000,000	Requested funds would be used to renovate the current animal vivarium and centralize core facilities, and to upgrade the infrastructure of the ~ 2000,000 sq. ft. Science Research Center to support biomedical research programs at Clark Atlanta University. CAU is a leader in prostate cancer research and biomedical research. The project will support the integration of advances in biological sciences, cancer research, physics, computing and other basic sciences for the development and application of new and enhanced techniques to address important problems in biology and medicine, in health and disease.
Savannah Harbor Expansion Project, Chatham County, Georgia and Jasper County, South Carolina, US Army Corps of Engineers	Georgia Ports Authority, Office of the Governor	115 State Capitol		Atlanta	GA	30334	\$2,000,000	The funding for the Savannah Harbor Expansion Project will be used for construction general new start for the project to deepen the Savannah River Federal Navigation Channel from a depth of 42 feet up to a depth of 48 feet. Businesses and jobs in and around the City of Atlanta rely on their imports and exports from the Port. With the expansion of the Panama Canal, it is critical that container vessels are able to continue to use the Port of Savannah in order for Metro Atlanta to remain economically competitive nationally and internationally.
SCLC for WOMEN, Inc.: Bridging the Gap	SCLC Woman's Organizational Movement For Equality Now	334 Auburn Avenue		Atlanta	GA	30303	\$100,000	The "Bridging The Gap" program targets girls from ages 8 to 18 throughout the Metro Atlanta community. Requested funds would be used to mentor young people who are disenfranchised, displaced, were formerly incarcerated, young parents, or homeless. Requested funds would be used for job training, equipment purchases, teacher salaries, and outreach. This project provides opportunities to prevent some of the most at-risk young women with positive opportunities and alternatives.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
SCLC for WOMEN, Inc.: Empowerment Training Center	SCLC Woman's Organizational Movement For Equality Now	334 Auburn Avenue		Atlanta	GA	30303	\$100,000	SCLC/W.O.M.E.N., Inc. is a non-profit 501(c)3 organization that provides a direct response to the problems faced by poor and disenfranchised people, regardless of ethnicity, gender, age, or religion. Requested funds would be used to train potential workers to enter the workforce; this includes teachers, equipment, material, and advertising, in order to reach and train the disenfranchised (evacuees, ex-offenders, teen parents, homeless, and those in recovery) to use computers.
Second Chance Recidivism Prevention Demonstration Program, Fulton County, GA	Fulton County Board of Commissioners	141 Pryor Street		Atlanta	GA	30303	\$350,000	The Second Chance Program may serve as a model for initiating similar initiatives in other Georgia counties and jurisdictions nationwide. The overall objective is to establish a reentry process that begins inside the Fulton County Jail and provides a continuum of care for clients upon release. The project seeks to reduce recidivism among tracked participants by 50% over a five year period.
SHINE: Sustainable Home Initiative for a New Economy	City of Atlanta	55 Trinity Ave, SW	Suite 1234	Atlanta	GA	30303	\$10,000,000	Requested funds would provide rebates to homeowners to undertake energy efficiency improvements in conjunction with the Georgia Power Home Performance with Energy Star Program. The project would also increase awareness about energy efficiency benefits to potential homeowners and other community stakeholders.
Soccer in the Streets' Job Readiness Program	Soccer in the Streets	2323 Perimeter Park Drive		Atlanta	GA	30341	\$500,000	Soccer in the Streets will use its programming to combat the lack of suitable job skills among disadvantaged youth. 20 program sites will serve over 2,000 children. This initiative will use the sport of soccer to develop important employment skills such as respect and teamwork, while gaining hands-on experience through both internships and summer employment. Of equal importance, the program will keep children off the streets and positively redirected from more perilous activities.
Southeastern Center for Emerging Biologic Threats (SECEBT)	Southeastern Center for Emerging Biologic Threats/Emory University	Rm 446, Dental Bldg	1462 Clifton Rd, NE	Atlanta	GA	30322	\$526,105	The Southeastern Center for Emerging Biologic Threats (SECEBT) works to minimize the impact of potential threats by convening regional partners to coordinate, cooperate, educate and develop strategies to deal with harmful biologic agents such as anthrax, West Nile virus, SARS, influenza, MRSA, and others. The Southeastern Center for Emerging Biologic Threats (SECEBT) within Emory University will build upon successful research, training and innovative programs related to bioterrorism and emerging biologic threats including West Nile virus, dengue fever, and others.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Southern Hydrogen & Fuel Cell Coalition	Center for Transportation and the Environment (CTE)	730 Peachtree Street	Suite 300	Atlanta	GA	30308	\$1,200,000	The Southern Fuel Cell Coalition, renamed the Southern Hydrogen and Fuel Cell Coalition (SHFCC) in 2008 is a member-based organization begun in partnership with the Federal Transit Administration to promote and accelerate the development, demonstration and commercialization of hydrogen and fuel cell transportation technologies in the southeastern U.S. CTE, through the Southern Hydrogen & Fuel Cell Coalition (SHFCC) initiative, will continue to expand its membership and will provide seed funding for 6-8 hybrid hydrogen and fuel cell vehicle and infrastructure demonstrations through 2010.
Spelman College Women in Science and Engineering Program	Spelman College	350 Spelman Lane, S.W., Box 1551		Atlanta,	GA	30314	\$2,600,000	Spelman College's WISE program addresses a national need to increase the prevalence of under-represented racial minorities and women in science, technology, engineering and mathematics (STEM) disciplines, while strengthening Spelman's capacity to continue to serve as a national conduit for the human resources needed to sustain the country's global economic competitiveness. The WISE program continues Spelman's important role in providing the nation with a skilled scientific workforce. The initiative exemplifies the intent of the America COMPETES Act.
Statewide Autism Technical Assistance and Teacher Training Model	Marcus Autism Center	1920 Briarcliff Road, NE		Atlanta	GA	30329	\$500,000	Requested funds will be used to develop technical training using behavior analytic tools for teachers to better support children in educational settings. This coordinated care delivery mechanism for the state of Georgia will provide a drastically needed bridge for state programs serving those with autism. As an innovative statewide model, this project would likely be used as benchmarking for other states in their coordination of interagency and statewide delivery of care.
Targeted Building Redevelopment	City of College Park, GA	3667 Main Street		College Park	GA	30337	\$700,000	The City of College Park seeks to add amenities and create a larger hotel, hospitality, and services sector around the Hartsfield Jackson Atlanta International Airport, the world's busiest airport and the largest passenger airport in the U.S. By laying the groundwork for small business development in the City, the project will to redevelop targeted structures in College Park, GA to make them suitable for commercial and retail use.
Tech Teachers for Georgia	Georgia Institute of Technology	225 North Avenue	Administration Building, Suite 4	Atlanta	GA	30332	\$500,000	In order to remain competitive in innovation and technology, the United States must improve the science and math teaching and learning in our public schools. One strategy is to recruit academically strong STEM students into K-12 teaching careers. Modeled after the highly successful and competitive Teach for America program, Tech Teachers for Georgia will recruit and train recent graduates of Georgia Tech and other Georgia colleges and universities to prepare them for two-year positions as teachers in STEM-focused classrooms in a Georgia public schools. This initiative is a collaboration between Georgia Tech and Georgia public school systems and will encourage participants to become fully certified and to pursue STEM teaching careers.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Technological and Curriculum Improvements for Morris Brown College	Morris Brown College	643 Martin L. King Jr. Dr.		Atlanta	GA	30314	\$1,000,000	Morris Brown seeks funding to purchase hardware, software and provide computer programming and training services needed to implement a technological upgrade for the college. The upgrade will immediately improve efficiency and accuracy of systems for both students and the administration. In addition, the technology upgrade will help the school amend the curriculum and increase staff in order to focus on their long-term effort of becoming a leading four-year technology college.
The Georgia Meth Project	The Georgia Meth Project	3625 Cumberland Boulevard, Suite 980		Atlanta	GA	30339	\$1,000,000	The Georgia Meth project is a large-scale, statewide prevention and public awareness program designed to reduce the prevalence of first-time methamphetamine abuse in Georgia. Based on the successful model developed by the state of Montana, The Georgia Meth Project is focused on prevention and to achieve this goal is active in public service messaging, community action, and public policy.
The Youth Violence Prevention Initiative of Atlanta	Georgia State University	Ste 323 Alumni Hall	30 Courtland Street	Atlanta	GA	30302	\$900,000	The mission of the YVPIA will be to work collaboratively to build community capacity for youth violence prevention in the City of Atlanta, to significantly reduce youth perpetrated violence, to improve the scholastic performance of students in the city's most affected schools, and to further research the causes and prevention of youth violence nationally. Georgia State University is in a unique position to address these problems because they are situated less than one mile to the targeted neighborhoods in the City of Atlanta.
Undergraduate Teaching Opportunities	Georgia Institute of Technology	225 North Avenue	Administration Building, Suite 4	Atlanta	GA	30332	\$500,000	Georgia Tech seeks to recruit and groom the next generation of collegiate educators – especially in science and technology fields. This program is an intensive recruiting, educational, and training partnership between undergraduate students and experienced faculty to maintain the strength of U.S. undergraduate and graduate programs especially in fields where 21st century jobs will be most important. Modeled after the successful Undergraduate Research Opportunities Program (UROP) that provides undergraduates with a chance to experience what it's like to conduct research in a higher education setting, this program provides a venue for students to partner with faculty and learn how to develop innovative curriculum, gain expertise in a specific field, and become more effective teachers.
Virginia Ave. Corridor Enhancement Project	City of College Park, GA	3667 Main St.		College Park	GA	30337	\$1,500,000	Virginia Ave. is a direct gateway into the City of College Park, GA. Street lighting, landscape improvements, and new sidewalks are needed from Harrison Rd. to Howell Slade intersections of Virginia Ave. This initiative helps pave the way for new businesses to relocate along Virginia Avenue; it helps develop a walkable, livable, economic vibrant community when all localities are struggling to attract new visitors and investors.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Women's Sports Foundation, Atlanta, Georgia, GoGirlGo! Atlanta Initiative	Women's Sports Foundation	1946 Starvine Way	Suite 207 A	Decatur	GA	30033	\$800,000	GoGirlGo! works with parents, coaches, after school programs and youth organizations to help inactive girls become involved in physical activity. The program will provide equipment, free curriculum materials, and technical assistance to more than 300 non-profit girl-serving organizations committed to addressing needs of sedentary girls in Georgia's 5th Congressional District. Research demonstrates that girls who participate in sports and physical activity are more likely to stay in school, earn better grades, graduate from high school, continue their studies in college and lead overall healthier lives.
Year Up Atlanta: Career Training for Young Adults	Year Up Atlanta	730 Peachtree St, NE, Ste. 900		Atlanta	GA	30308	\$250,000	Requested funds will support the expansion of Year Up's one-year job intensive job training program in Atlanta. Year Up Atlanta works collaboratively with community organizations to provide students with the additional supportive services they may require to complete the program, such as child care or after school services for students who are parents. Georgia has been a high unemployment state since the beginning of the recession; the staggering rate of youth unemployment has been a particularly difficult problem. This program helps create the necessary safety net for unemployed young people to become gainfully employed.
Alliance for Critical Languages and Cultures	Associated Colleges of the South	1975 Century Boulevard	Suite 10	Atlanta	GA	30345	\$6,000,000	Through this initiative, the Associated Colleges of the South will provide opportunities for 1,200 to 1,500 students per year to study critical languages and cultures related to China and the Middle East as well as other less-commonly taught languages such as Farsi, Persian, Turkish and Urdu. This project is designed to respond directly to an acute national need and government responsibility, namely, to equip Americans with the languages, understanding and skills necessary to help this country face various challenges around the world.
Atlanta BeltLine, Inc. Northeast Corridor Brownfield Remediation and Redevelopment	City of Atlanta/ Atlanta BeltLine, Inc.	86 Pryor Street	Suite 200	Atlanta	GA	30303	\$500,000	This request will facilitate the environmental remediation of the brownfield sites located within the 4.6-mile Northeast Corridor of the BeltLine. The project has received an approved Closure Action Plan (CAP) from the Georgia EPD and is shovel-ready. This remediated 4.6-mile corridor will allow for the immediate construction of a multi-use trail that will serve the Ormewood Park, Reynoldstown, Cabbagetown, Inman Park, Old Fourth Ward, Poncey-Highlands, Virginia Highlands, Midtown, and Morningside neighborhoods. The Atlanta BeltLine, a network of public parks, multi-use trails and transit along a historic 22-mile railroad corridor circling downtown Atlanta and connecting 45 neighborhoods, is the largest, most wide-ranging urban redevelopment project currently underway in the United States and the most comprehensive economic development effort ever undertaken in the City of Atlanta.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Atlanta BeltLine, Inc. SW Corridor Trail Right-of-Way Acquisition and Construction	City of Atlanta/ Atlanta BeltLine, Inc.	86 Pryor Street	Suite 200	Atlanta	GA	30303	\$1,200,000	This project would provide new multi-use trails within the SW BeltLine Corridor that serves the Adair Park, West End and Washington Park neighborhoods where the BeltLine has already constructed 2.4 miles of trails and opened its first public art piece. This initiative serves as a national model for building livable urban communities around transit, parks, and trails in a manner that changes regional patterns of sprawl, reduces the city's carbon footprint and becomes an economic engine for decades.
Atlanta BeltLine, Inc. Tier 2 Environmental Impact Statement (EIS) / Preliminary Engineering	City of Atlanta/ Atlanta BeltLine, Inc.	86 Pryor Street	Suite 200	Atlanta	GA	30303	\$2,000,000	This request will complete a Tier 2 EIS and Preliminary Engineering for the first phase of the BeltLine 22-mile transit system covering an initial segment of 5-10 miles in length. This segment will link to at least two MARTA stations and the Peachtree Streetcar. This project would build upon the Tier 1 EIS currently nearing completion; allowing the BeltLine to continue its pursuit of New Starts and other federal funds by reaching a major project milestone: entry into Preliminary Engineering. The Atlanta BeltLine is the largest, most wide-ranging urban redevelopment project currently underway in the United States and the most comprehensive economic development effort ever undertaken in the City of Atlanta.
Atlanta Historic Westside Museum	HAGAR CTM Inc.	PO BOX 90922		Atlanta	GA	30364	\$100,000	The Atlanta Historic Westside Museum will provide instructional human services to community residents and visitors in the economic, societal and cultural aspects of the African-American experience in the United States of America.
Atlanta Rehabilitation Project Urban Commercial Development LLC	Urban Commercial Development LLC	376 Taft Place SW		Atlanta	GA	30315	\$16,343,840	Requested funds would be used to provide rehabilitation treatment and medical care for physically and mentally challenged service personnel and veterans. This program seeks to ensure that medical facilities are equipped to handle the existing and the growing demand for world class medical and psychological care for our Wounded Warriors.
Atlanta, GA Sewer System Rehabilitation	City of Atlanta	55 Trinity Avenue		Atlanta	GA	30303	\$2,000,000	Overflows from the combined sewer system, coupled with sanitary sewer overflows and leaks in the separated area, are seriously impacting the metropolitan Atlanta regional water quality. The proposed project would improve surface water quality by providing combined sewer capacity relief to capture more stormwater and sewage flows and associated flood relief in several areas of the city. The proposed relief system would allow the flow volume, typically stored on surface streets, to enter the collection system. Excess flow volume would be diverted and captured in a deep tunnel system for later treatment and release.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Building the Next Generation of Global Health Leaders	Emory University	1599 Clifton Road NE	6th Floor	Atlanta	GA	30322	\$960,000	Global health impacts everyone around the world whether they live in developing countries or the United States. This initiative will provide opportunities for students from multiple disciplines and cultures to work on projects in low- and middle-income countries. There, they will address a variety of global health challenges including water and sanitation, maternal and child health, and vaccine development. Emory University's global health leadership development program is unique and distinctive and should serve as a model for other universities.
C.T. Vivian Leadership Institute	Camp Village, Inc.	P.O. Box 110188		Atlanta	GA	30311	\$150,000	The C.T. Vivian Leadership Institute will provide leadership training to local school systems, the private sector, public and private nonprofit educational research institutions, community-based organizations, parents, and students on proven methods to improve the quality of education. This program will supplement and complement existing efforts to improve the quality of education and encourage the increased involvement of the public, parents, and students.
Camp Village	Camp Village, Inc.	P.O. Box 110188		Atlanta	GA	30311	\$150,000	Camp Village's programs are designed to lessen the effects of our students' socio-economic risk factors, and promote student achievement. This program will supplement and complement the efforts of states to improve the quality of education and encourage the increased involvement of the public, parents, and students in Federal education programs.
Center of Excellence in the Neurosciences at Grady Health System	Grady Health System	80 Jesse Hill Jr. Drive, SE, PO BOX 26189		Atlanta	GA	30303	\$2,000,000	The Center of Excellence in the Neurosciences will create the only comprehensive neurosciences program of its kind in the southeast. Grady Health System serves as a national health center with services that stretch throughout the region. The Center of Excellence in the Neurosciences will enable the country to utilize their expertise and technology through instant video analysis.
Child Maltreatment Prevention in Georgia	Georgia State University	Ste 323 Alumni Hall	30 Courtland Street	Atlanta	GA	30302	\$500,000	The expansion of SafeCare will build a collaborative among home visitation programs that will bring increased efficiency and synergy to services for at-risk families. The National SafeCare Training and Research Center at Georgia State University is the only substantial provider of SafeCare training in the United States, outside of research settings. This program will serve as a model for programs throughout Georgia and the United States.
Children's Child Protection Health Teams Expansion	Children's Healthcare of Atlanta	1600 Tullie Circle		Atlanta	GA	30329	\$1,100,000	The Child Protection Health Teams will provide medical and mental health assessments and treatment to suspected victims of child abuse and neglect throughout Georgia. This project supports national efforts to ensure public safety and prevent and control crimes against children.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Children's Healthcare of Atlanta's School Nurse Liaison Program	Children's Healthcare of Atlanta	1600 Tullie Circle		Atlanta	GA	30329	\$400,000	The School Nurse Liaison Program will serve as a resource to school nurses across the state for information on a myriad of different healthcare issues that can affect Georgia's school-aged children. Approximately 30 percent of school age children have chronic health issues ranging from life threatening allergies to cancer or transplant. Although some hospitals assist with school re-entry for children with specific health issues, there are no other hospitals presently using a comprehensive program that addresses school re-entry for children with any complex medical condition. The Liaisons will assist with reentry into school of recently discharged patients from Children's and other hospitals educating the child's school nurse, teachers, classmates and family on the day-to-day management of the child's condition.
City of Atlanta's Department of Watershed Management Streetscape Initiative	City of Atlanta	55 Trinity Avenue		Atlanta	GA	30303	\$750,000	In complying with the Federal Consent Decrees, the City's Department of Watershed Management will have to resurface streets and sidewalks destroyed by construction in the areas adjacent to sewer rehabilitation projects. Atlanta has undertaken the largest water and sewer renovation project in its history. In order to comply with two Federal Consent Decrees to address the compliance issues with the federal Clean Water Act standards, the City's Department of Watershed Management will resurface miles of street and sidewalks in the areas adjacent to sewer rehabilitation projects. Connecting these corridors destroyed by water and sewer construction to the system is critical to minimizing traffic congestion.
Clifton Corridor Bridge Over CSX Railroad	DeKalb County	330 West Ponce de Leon Ave		Decatur	GA	30030	\$5,000,000	The Clifton Corridor Bridge over CSX Railroad is located in a congested location in the heart of the Emory University campus and near the Centers for Disease Control and Prevention. Requested funds will be used to expand the bridge and to realign the road to be consistent with the master plan for the Emory University campus. The new bridge will also accommodate under it space for a shuttle road for buses that currently handle 3 million riders a year. In times of emergency, the new bridge and associated road improvements will aid in the evacuation of the area. The project will also improve traffic flow within one of the largest employment centers in the state.
Enhancement of the MSM Biomedical Research Facilities	Morehouse School of Medicine	720 Westview Dr SW		Atlanta	GA	30314	\$7,000,000	This program will expand the Morehouse School of Medicine's biomedical research facilities by approximately 30,000 square feet to centralize biomedical informatics activities to facilitate greater scientific interchange among several basic, translational clinical, and population science research areas. This program will accelerate the nationally needed development of three emerging areas of biomedical informatics- basic/translational, biomedical, and population informatics.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

<u>Project Title</u>	<u>Requesting Entity</u>	<u>Address</u>	<u>Address Line 2</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>	<u>Requested Amount</u>	<u>Project Purpose</u>
Environmental Infrastructure, City of Atlanta	City of Atlanta	55 Trinity Avenue		Atlanta	GA	30303	\$5,000,000	Funding will be spent on water and sewer infrastructure work. In complying with the Federal Consent Decrees, the proposed relief system will allow the flow volume, typically stored on surface streets, to enter the collection system. Excess flow volume would be diverted and captured in a deep tunnel system for later treatment and release. This project fits within the Corps' mission and will assist with complying with the consent decree entered into by the City with EPA, Georgia EPD, and other regional organizations.
Expanding Positive Behavior Support in Atlanta Public Schools	Atlanta Public Schools	130 Trinity Ave, SW		Atlanta	GA	30303	\$300,000	This program will expand the current system wide Positive Behavioral Support (SWPBS) of 15 elementary schools to include 6 APS middle schools. These schools should demonstrate a need (e.g., higher rates of disciplinary problems) as well as readiness (e.g., leadership commitment) for SWPBS and, as well, satisfy a feeder pattern for current project elementary schools. The rates of violent incidents occurring in elementary and high schools nationally are low in comparison to middle schools which typically evidence the highest rates of disruption. By focusing on middle school age children years, are highly predictive of what can later become serious and chronic behavioral problems.
Georgia Children's Health Alliance (GCHA) Strategic Plan Implementation	Children's Healthcare of Atlanta	1600 Tullie Circle		Atlanta	GA	30329	\$600,000	Requested funds would be used to implement the Georgia Children's Health Alliance's strategic plan. This includes specific programmatic and medical provider education and training strategies such as data centralization and growth of Centering Pregnancy sites (group based prenatal care), implementation of the Steps to Grow On program, capacity building for First Steps programs and medical provider education and training around obesity prevention. This program will serve as a national model of public, private, not-for-profit, business and community collaboration in order to create the expertise, information, and
Griffin Street Seniors Housing by HAGAR CTM	HAGAR CTM Inc.	PO BOX 90922		Atlanta	GA	30364-0922	\$275,000	HAGAR CTM Inc. will adapt and create urgently needed senior citizen housing units in the blighted Urban Community that includes the Griffin Street Project. This appropriations request will facilitate the renovation and adaptation of a five unit living complex so as to provide suitable low cost living units for senior citizen occupancy. The project will also create twenty-five temporary construction positions in a high unemployment area.
Leading the Way in Palliative Care	Piedmont Healthcare, Incorporated	95 Collier Road, NW, Suite 2075		Atlanta	GA	30309	\$220,000	This program will allow Piedmont Hospital to develop and implement a comprehensive Palliative Care program that will improve the quality of life for patients and their families and reduce federal and private healthcare spending. 80% to 90% healthcare costs are provided to terminal patients within the last six to 12 months of life. This program will work to demonstrate that as the quality of care is enhanced, dramatic savings to the Medicare and Medicaid programs are realized.

5th Congressional District of Georgia Eligible Project Submissions for FY11 Appropriations Cycle

MARDS - Creating a brighter future for ALL children	Metro Atlanta Respite & Developmental Services, Inc.	1335 Kimberly Road SW		Atlanta	GA	30331	\$75,000	This program will improve learning opportunities for children, youth and young adults with special needs- that are also often economically disadvantaged. Through this project special needs youth and young adults will be taught necessary skills, enabling them to pursue more independent lives, and allowing them to be more active in the workforce and society. The intent of the program is to help special needs adults live more independently.
Morehouse College Critical Languages - Asian and Middle Eastern Studies Program	Morehouse College	830 Westview Dr. SW		Atlanta	GA	30314	\$2,000,000	In order to address the shortage of Americans with linguistic and cultural competencies in countries of strategic importance to the United States, Morehouse will create a program in Asian and Middle Eastern studies. This program will create graduates with a deep understanding of both Mandarin Chinese, as well as Arabic - two languages that are in high demand among U.S. intelligence analysts. This builds upon the exiting partnership that Morehouse has forged with the National Security Agency and their Analyst Training Program.
Morehouse College Martin Luther King, Jr. Research and Education Initiative	Morehouse College	830 Westview Dr. SW		Atlanta	GA	30314	\$1,000,000	Requested funding will be used to construct a purpose-designed facility, to develop a program to catalogue, to preserve this comprehensive collection of Dr. Kings papers, and to develop a program of scholarly research and collaboration, curriculum and course development, scholarly forums and public access, so that Dr. King's message and teachings can be better understood by the world. The facility will be designed as a green building for contextual exhibition of the papers, and will house the
Morehouse School of Medicine Center for Healthy Communities	Morehouse School of Medicine	720 Westview Dr SW		Atlanta	GA	30314	\$2,500,000	This project will help construct the Morehouse School of Medicine (MSM) Center for Healthy Communities, to house MSM's current community programs as well as a multidiscipline public health center designed to address health disparities experienced in the AUC community. The facility will also provide mental health and substance abuse counseling, career counseling and training and primary care services establishing a permanent off-campus presence in the community. MSM has long been a leader in assisting vulnerable and underserved communities; they look forward to sharing its model with other institutions throughout the country to help combat health disparities.
Multimodal Transportation Complex Parking Deck	City of Forest Park	745 Forest Parkway		Forest Park	GA	30297	\$10,320,000	Forest Park seeks funding to build the parking deck component of their multimodal transportation complex. This project is central to the redevelopment of the Main Street District. In addition to creating jobs, transportation alternatives and promoting livable communities, a multimodal transportation complex in the Main Street District that will allow residents and workers convenient access to bus routes, rail transportation, parking areas within the

NBAF Growing the Dream - Touring the Dream	National Black Arts Festival (NBAF)	1230 Peachtree Street, NE	Suite 500	Atlanta	GA	30309	\$500,000	NBAF offers a variety of year-round comprehensive educational and humanities programs that provide a unique opportunity to promote understanding between diverse communities. NBAF presents music, dance, theater, film, literary and visual arts from the African Diaspora; they also showcase artists of African descent while exploring their impact on world cultures at an annual summer festival. The Growing the Dream -- Touring the Dream will bring NBAF's landmark American History and Culture program to historical sites around the country -- Alabama, South Carolina, Tennessee, North Carolina, Mississippi, and Florida.
NBAF Growing the Dream at the 2012 Smithsonian Folklife Festival on the National Mall in Washington, DC	National Black Arts Festival (NBAF)	1230 Peachtree Street, NE	Suite 500	Atlanta	GA	30309	\$250,000	Requested funds would be used to bring NBAF's landmark American History and Culture program, Growing the Dream, featuring a child-size 2/3 replica of Martin Luther King, Jr.'s historic boyhood home (and other 2/3 replicas of historical sites on Auburn Avenue significant in MLK's life), Atlanta, and the educational humanities based components that surround the installation, to the 2012 Smithsonian Folklife Festival which is held outdoors each summer on the National Mall in Washington, D.C., between the Smithsonian museums. Growing the Dream addresses educational needs of underserved young children ages 5-10 and youth leaders ages 11-18 and is designed to teach young children 12 core values (peace, justice, freedom, civil rights, nonviolence, love, courage, equality, truth, protest, growth and dream) through art inspired learning stations that surround the 'child friendly MLK' house. The curriculum has been developed by in-service teachers based on the National Education Standards.
QLS Gardens Weatherization Assistance Program	QLS Gardens Housing Facility	P. O. Box 311045		Atlanta	GA	31131-1045	\$300,000	QLS Gardens Housing Facility, Inc. provides affordable multifamily housing to low-income families in Metro Atlanta. Built in 1974, the homes need energy efficiency and renewable energy measures that will help conserve energy and reduce the cost of energy to residents. Requested funding will be used to purchase weatherization technology equipment that will assist with conserving energy. Reducing the cost of consumption ultimately reduces the cost of energy for their residents.

The Bronner Campus Project	HAGAR CTM Inc.	P.O. Box 90922		Atlanta	GA	30364	\$350,000	The Bronner Campus Project operates in the heart of the Atlanta Historic Westside Community. Requested funds will be used to provide a variety of social services -- mentoring, employment training, education, delinquency prevention, computer skills training, financial literacy, and housing. The campus grounds also provide a housing facility for formerly incarcerated individuals. This initiative address unemployment, crime, and healthy and productive living.
The Elevator Modernization Project at Grady Health System	Grady Health System	80 Jesse Hill Jr. Drive, SE, PO BOX 26189		Atlanta	GA	30303	\$5,000,000	Grady Health System produces more doctors than any other hospital in the region and serves as one of the largest safety-net hospitals in the United States. Grady operates the largest Center for Infectious Diseases in the nation, and serves the largest indigent population in the Southeast. To address safety and service concerns, requested funds will help update their elevator system through critical replacements and upgrades.
The Wellness and Safety Net Clinic	Center for Black Women's Wellness, Inc.	477 Windsor Street, SW	Suite 309	Atlanta	GA	30312	\$66,150	Throughout the country Black women are disproportionately affected by diseases such as breast cancer, heart disease, and diabetes. The Center for Black Women's Wellness will use funding to expand low cost and no cost quality healthcare to the medically underserved, defined as low income and uninsured women and men in Metro Atlanta. This will include a focus on minority women's healthcare services, with a focus on prevention and early detection, expanded primary healthcare and chronic disease management, and group health education. Proposed services will be expanded by obtaining, training, and coordinating more volunteer healthcare professionals and subsidizing the costs of lab fees and exam room space.
Transitionz for Youth, CHRIS Kids	CHRIS Kids	3109 Clairmont Road	Suite B	Atlanta	GA	30329	\$700,000	This project provides an targeted support system for those who most need it -- those with no family or support system -- as they transition to adulthood. Funds will provide services designed to promote economic independence and wellbeing for older youth (single and parenting) without family support, ages 17 -24, who have severe emotional and behavioral problems, who are aging-out of foster care/juvenile justice/mental health systems and/or who are homeless.
